Summary of Qualifications

Full-stack web developer with an associate's degree in computer science looking to pursue a career in the field of software development. Effective in working with a team as well as being detail oriented in developing full-stack web applications.

Technical Proficiencies

- HTML, CSS
- JavaScript, JQuery
- React, Bootstrap

- Node.js, Express.js
- MySQL, MongoDB
- Sequelize.js, Mongoose.js

Education

Columbus State Community College, Columbus, Ohio   May 2021
Associate of Applied Science Degree, Computer Science Cyber Security Track
3.6 GPA

The Ohio State University, Columbus, Ohio   July 2023
Full-Stack Web Development Bootcamp Certificate

Notable Achievement

- Developed an application in an agile environment with a group as a final project for graduation. It involved using most of what I learned to make a working web application, as well as learning to work using agile methodology.

Relevant Experience

- Experience developing full stack applications using React and both SQL and NoSQL databases

- Working with a team using an agile workflow to develop applications
